SEED TREATMENT

CEREALS MICRONUTRIENT SEED TREATMENT

GUARANTEED ANALYSIS

Copper (Cu).....	0.05%
Zinc (Zn).....	4.0%

Derived from Copper Sulfate Pentahydrate, and Zinc Carbonate.

WARNING

Causes skin irritation and serious eye irritation.

PRECAUTIONARY STATEMENTS

Wash face, hands, and any exposed skin thoroughly after handling. Wear protective gloves/ protective clothing/eye protection/face protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention.

Very toxic to aquatic life with long lasting effects.

GENERAL RECOMMENDATIONS

This product is recommended as a pre-plant commercial seed treatment for use on cereal crops. Verdesian recommends a compatibility test prior to mixing Tuxedo Cereals with other seed treatments. To test compatibility of Tuxedo Cereals with other seed treatments that are also being used, a proportional mixture of Tuxedo (using suggested use rate stated on the label) and the other products to be tested should be mixed in a jar or beaker, prior to treating the entire mix onto seeds. Refer to Mixing Recommendations section for details concerning Compatibility testing.

DIRECTIONS FOR USE

This product is for use as a pre-plant commercial seed treatment. It can be used on but is not limited to the following seeds: Wheat, Barley, Cereal Rye, and Rice. Read and follow all label directions.

USE RATE

2.0 fl. oz. per 100 lbs. of seed.

MIXING RECOMMENDATIONS

Before treating with Tuxedo Cereals, jar compatibility test **MUST** be performed before mixing with other seed treatments. Do not use water to dilute any mixtures containing Tuxedo Cereals. Mix all components to be applied in appropriate proportions, then add the appropriate amount of Tuxedo Cereals to the mixture. Shake well to ensure all components are mixed completely, and observe the mixture.

If the mixture is stable and no visual or physical changes occur, the mixture is compatible with Tuxedo Cereals. Add Tuxedo Cereals last to the mixture and agitate the mixture in the tank to keep the components mixed well during the treatment process. Do not use water to dilute the mixture. Mix only as much product as you need for the day, do not keep materials mixed with Tuxedo Cereals for more than 12 hours.

If the solution becomes viscous or thickens, the mixture is not compatible. Tuxedo Cereals can still be applied following these directions: Mix all other seed treatment components in one tank; use additional water if needed to increase slurry volume. Place Tuxedo Cereals in a separate tank (do not dilute with water). Apply the primary seed treatment and then apply the Tuxedo Cereals to the seed. Apply this material to the seed as a sequential application.

USE PRECAUTIONS KEEP OUT OF REACH OF CHILDREN

When using Tuxedo Cereals always wear recommended personal protective equipment. Empty containers may contain residue; all label precautions apply to the empty container.

"316" stainless steel pumps and attachments are recommended. When seals are used, seals made of "Gore-Tex", "Teflon" or "Viton" are required.

Use in well ventilated area. If involved in a fire, this material may decompose and produce irritating fumes and toxic gases. In the event of a spill, clean-up promptly using trained personnel and pre-planned procedures. Consult Safety Data Sheet for further information.

STORAGE AND DISPOSAL

Store locked up in a cool, dry area out of reach of children and animals, as well as out of direct sunlight during storage for extended amounts of time. Store in original container. Keep container tightly sealed when not in use. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Store at temperatures above 32°F. Dispose of unused product and empty containers at an approved waste disposal plant in accordance with Federal, State and local regulations.

WARRANTY

Verdesian Life Sciences U.S., LLC warrants that this Product conforms to the specifications set forth on the label. This Product is reasonably fit for the purpose stated on the label when used in accordance with the label directions and instructions under normal conditions of use.

VERDESIAN NEITHER MAKES, NOR AUTHORIZES ANY AGENT, REPRESENTATIVE OR THIRD PARTY TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, AS TO THE CONDITION, QUALITY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Neither the warranty of merchantability nor fitness for a particular purpose, expressed or implied, extends to the use of this Product contrary to label instructions or under abnormal conditions or under conditions not foreseeable to the Seller or Verdesian.

Limitation of Remedies. The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories), shall be limited to, at Verdesian's election, one of the following: (1) replacement of the amount of product used; or (2) refund of the purchase price paid for the product; provided that Verdesian's provision of (1) or (2) is conditioned on its first being promptly notified of such loss or damage in writing. Verdesian shall not be liable to the buyer or any other party claiming by, through, or under the buyer for any other losses or damages resulting or relating to this product, including but not limited to any direct, indirect, special, punitive, economic, incidental or consequential damages or loss of profits, whether in contract, tort or otherwise. Verdesian neither assumes, nor authorizes any person to assume for it, any other liability in connection with the sale, storage, use or handling of this product other than expressly set forth herein.
