

# N-CHARGE®

A VERDESIAN NUE SOLUTION™

## Powdered peat based inoculants for Peas, Lentils, Chickpeas, Dry Beans, & Soybeans.

**N-CHARGE®** branded products are specially-formulated to increase seed adhesion to improve performance in the field. Formulated with specific rhizobia selected to give optimal performance N-CHARGE branded products are the right choice for rotated ground.

### BENEFITS

- **Increased Seed Adhesion:** N-CHARGE adheres to seed much better than other peat products.
- **Enhanced Nodulation:** Due to its unique sticking agents, N-CHARGE delivers more rhizobia to the root zone compared to traditional inoculants. More nodulation means higher yields.
- **Easy to Apply:** N-CHARGE is a ready to use inoculant that can be applied directly onto the seed without worry of bridging or lodging the seed.

### N-CHARGE HIGH ADHESION PEAT APPLIED TO LENTILS
