

Put your best foot forward.

Developed with **Cytozyme proprietary technology**, **SEED+ GRAPHITE** is a nutritional seed treatment that improves germination, crop emergence, seedling vigor, and plant tolerance under abiotic stress, leading to higher yields. With multiple modes of action, SEED+ GRAPHITE gives the crop a strong foundation for any growing season. A unique blend of talc + graphite enables excellent seed lubricity and placement through multiple planter delivery systems. SEED+ GRAPHITE is certified for organic use.
