

**CROP**

Pulse crops and soybean

**TIMING**

In-furrow peat granular

**RATE**

See label

**PACKAGE**

40 lb. bags,  
520 lb. totes

Nitrogen is only as effective as the nodules absorbing it. Primo GX2 boosts overall plant health with a dual-action inoculant proven to perform well, even in harsh planting conditions.

**KEY BENEFITS**

- Easy flowing, peat-based granules that are double screened
- High concentration of rhizobia spp. plus the added benefit of *Azospirillum sp.* found in Accolade
- Pulse formulation covers peas, lentil, vetch, and faba bean and chickpea/garbanzo
- Separate formulations for chickpea, dry bean and soybean
