2.5 Gal., 265 Gal. tote

NutriSphere-N® Nitrogen Fertilizer Manager delivers flexible Nitrogen Use Efficiency technology. With proprietary Verdesian polymer technology, NutriSphere-N serves as an exchange resin, supporting in-season improvement of Nitrogen uptake. NutriSphere-N is backed by 10 years and more than 50M acres of field performance.

**PEACE OF MIND — NO MATTER THE WEATHER**

- NutriSphere-N is safe and easy to handle
- Consistently improves Nitrogen Use Efficiency
- Performs well in wet and dry conditions across climates with a wide range of fertilizers and crops to reduce N loss

**PROVEN ON MILLIONS OF ACRES**

- Years of testing with more than 500 trials on more than 50 million acres has proven that NutriSphere-N increases yields by 6%
- Delivers a 3-to-1 return on investment
- NutriSphere-N also gives your growers confidence in maximizing their N investment

**A POWERFUL TOOL IN SUSTAINABLE FARMING**

- Preserves your land's soil health and important soil bacteria while protecting local water sources
- Boosts Nutrient Use Efficiency by 5-10% against untreated control
- Reduces negative environmental impacts of Nitrogen application and water quality impacts

**PERFORMANCE ACROSS A SPECTRUM OF CROPS**

**NutriSphere-N, building on the success and 50M acres+ and more than 10 years of trials, demonstrated success in a variety of field conditions.**
