USE PRECAUTIONS - KEEP OUT OF REACH OF CHILDREN DO NOT INHALE OR SWALLOW

When using pitPRO wear chemical safety goggles or face shield, chemical resistant protective gloves, long-sleeved shirt, and long pants. Ensure adequate ventilation, especially in confined areas. Avoid contact with skin, eyes, and clothing. After handling this product, wash hands before eating, drinking, or smoking. If contact occurs, remove contaminated clothing. Launder contaminated clothing before reuse. In case of accidental contact with eyes or skin, flush with ample water. If irritation persists, contact a physician. Could be harmful if inhaled or swallowed.

GENERAL INFORMATION

pitPRO reduces solids and creates uniformity in your manure. pitPRO is water soluble, biodegradable and nontoxic. Read the SDS and label in their entirety before use. Always wear proper personal protection and follow instructions for treatment and application. Use according to label directions.

MANURE TYPES

pitPRO was developed specifically for Hog and Cattle Manure.

pitPRO EXPECTED BENEFITS

Increased uniformity/distribution during pump out of manure nutrients.
 Improved pump-out by helping break up solids in the top and bottom of your pit.
 More efficient agitation after using this product according to labeled rates.

DIRECTIONS FOR APPLICATION

Apply 50% of recommended rate when pit is 25 - 35% full, then apply 25% of recommended rate when pit is 50% full, and apply remaining 25% of recommended rate 30 days prior to pump out.

For maximum product performance, distribute product equally through pit pump outs.

Use low end of rate to:
 Dislodge solid buildup at bottom of pit <12".
 Keep solids from building up.
 Increase agitation efficiency.
 Increase uniformity/distribution of manure during pump out.

Use high end of rate to:
 Do all listed above.
 Dislodge > -12" of solids annually at bottom of pit.

Rate Calculations pitPRO/100K Gal of Manure		
USE CASE	HOG	CATTLE
Low Rate	2 Gal	1.5 Gal
High Rate	4 Gal	3 Gal

STORAGE AND DISPOSAL

Store in a cool, dry place. Keep container tightly closed and out of direct sunlight during storage for extended amounts of time. Do not add water or other material to the container. Do not contaminate water, food, or feed by storage and disposal. Store above 32°F. In case of a spill, clean up promptly using trained personnel and pre-planned procedures. Dispose of content and/or container in accordance with local, regional, national and/or international regulations.

Lot No.: Net Contents: 2.5 gal (9.46 L)
Mfg Date: MM/DD/YYYY Net Wt.: 24.9 lbs. (11.26 kg)
Exp Date: MM/DD/YYYY Inv. ID: 1000804
Density: 9.96 lbs./gal (1.19 kg/L)
